

Today we will go to Easy Little  
Plants.

A social story by Ginny S.

We will walk upstairs.

Inside I see axolotls. I see pink chairs,  
table, and plants.

(this picture is copyright [easylittleplants.com](http://easylittleplants.com))

1st we will feed the baby axolotls in their tanks.

When the axolotls are finished eating, we will make terrariums.

We will mix dirt and make it wet.

We will put dirt, plants, and gems in our terrariums.

All done!

Ms. Savannah will tell me exactly how much water my plants will need.

I will take home my terrarium.  
I had fun at Easy Little Plants!
